Portable SOS Alarm
With Fall Sensor

PORTABLE SOS DURESS ALARM PENDANT

Falling is one of the big threats for our elderly population. An important issue for medical care is fall management.
This SOS alarm pendant features a fall sensor, offering a reliable way of managing the risk of falling .

This portable SOS alarm pendant works in connection with the fixed SOS duress wall unit. It communicates wirelessly with the base station and works on the same parameters.

The SOS alarm pendant can be worn on a lanyard or with a velcro armband. It features a big SOS button and help can be summoned without delay. The same escalation process as programmed into the fixed SOS wall unit is applied.

Maintain mobility around the home with the peace of mind that help is just a push of the button away!

FEATURE QUICK-VIEW

- SMART FALL DETECTION
- LARGE SOS BUTTON
- WATERPROOF IP67
- LOW BATTERY CONSUMPTION
- BATTERY STATUS CHECK
- LANYARD
- PRE-PROGRAM SOS CONTACTS
- SMALL LIGHTWEIGHT UNIT
- LONG STANDBY TIMES

TECHNICAL DETAILS

- The Latest ARM Core CPU Technology;
- 850/900/1800/1900Mhz, Universe;
- Dual-Band UMTS/HSDPA
(3G):850/1900MHz;900/2100MHz; 850(800)/2100MHz
(Option Function);
- Sub-1GRFBand:ISM433/868/915MHz;
- GFSK Transceiver, Two-way Message;
- Support DTMF, GPRS Customized Protocol;
- 7 Meters Range Two-way Voice Hands-free Talk;
- System Configure: SMS/APP, Voice Prompt Menu;
- Protect/Un-protect: Remote Controller, SMS/   APP;
- Wireless Transmission Power: Max +12dBm;
- Wireless Receiver Sensitivity: -116dBm;
- Wireless Cover Range: ≤400 meters (Point to Point,
Open Area),
- Prompt Voice Volume: within 1 meter, 70-95dB
(Adjustable, 4 scales);
- Talking Voice Volume: within 1 meter, 60-85dB
(Adjustable, 3 scales);

APPLICATION

- Lone worker safety
- Patient remote care
- Senior protection
- Asset protection
- Monitoring service
- Workplace safety

FEATURES

- 7 meters Two-way Hands-free Talking,10 meters range spot listing;
- Automatically Re-Dial Contacts for Help/Alarm, and can redial for up to 9 times;
- Can be configured to Auto Answer Calls;
- Remote Controller Can Dial Help and Accept Incoming Calls Remotely;
- Smart Lock/Protect Whole System;
- Delay Lock/Protect, Delay Alarm Setting;
- Mute Protection Setting;
- Medical/Panic Alarm
- Live Report, Low Battery Report, Battery Status Check;
- DTMF,GPRS Customized Protocol;
- RFID 13.56MHz, ISO14443A/B (Option Function)
- Contact ID(Option Function) In-built 3.7V 1000mAh Rechargeable Li Battery, Support 36 hours Standby;
- Can Be Paired/Connected With Unlimited Wireless Accessories
